Hogan’s scientific foundation and commitment to research distinguishes us from the competition. Each year, Hogan employees work to promote our brand through publishing in well-known academic outlets and presenting at professional conferences. Also, we leverage the Hogan Academic Network, a group of researchers, professors, and students across the globe, to disseminate Hogan-related research through theses, dissertations, peer-reviewed journals, and professional conferences. These works contribute to the knowledge and development of the Hogan assessments, help grow the field of personality psychology, and allow us to better serve our clients worldwide.

The past year has been no exception to our commitment to progressing the science of personality. The following details Hogan-related publications and presentations from 2019.
